Engine Type: Inboard

DETAILED INFORMATION

General

Her saloon has an open galley to Port forward. Two L-shaped settees are focused on a built-in 30-inch flat-panel TV and the galley countertop. The passageway forward leads first to a guest cabin which has upper and lower berths and a deep cedar-lined hanging locker. Next is a day head. The master cabin is all the way forward and has an island queen, two cedar-lined hanging lockers and a private head with a spacious shower.

The cockpit features a transom door, two in-sole fish boxes, a bait prep area with a sink and a transom live-well with a viewing port. A freezer is hidden in a cabinet to the starboard side of the engine room entrance. To port is the bait prep center with sink and storage underneath. Both salt and fresh water outlets are located on the port side. New combing pads have recently been fitted.

The flybridge is arranged with pedestal-style helm and companion seat that face a super-sized console that easily accommodates two large Raymarine electronics displays and an assortment of other goodies. Bench-style seating is forward, adjacent to the console as well as an insulated drink box. Gracie Jane is also fitted with a Direct TV antenna.

Salon and Galley Equipment

- 30" Sharp flat screen TV
- Bose surround sound
- Satellite Direct TV service
- Gorgeous high gloss cherry wood interior

Tons of storageThe step down galley is port fwd of the main salon. There is a high top serving bar that separates galley from salon while still leaving it open, accessible and social. Additional galley features include:

- (4) adjustable temp sub zero drawers (two freezers and two refrigerators)
- (2) burner electric cook top
- Deep stainless steel sink
- Black speckled granite counter tops
- Microwave oven
- Teak and holly sole
- Huge storage compartment in galley sole
- Tons of storage for galley supplies

- Water heater, Raritan 12 gallons
- Water tank, 100 US gallons, S/S
- Recent Engine work includes:
- Rebuilt Turbos, Two new Aftercoolers, Adjusted Injectors, Oil and Filter Change 01/12

Engine Room

The engine room is accessed directly from the cockpit. It is well engineered, super clean and very serviceable. A full size adult can get around the front and sides of engines easily. There are massive storage compartments forward of the engines and tons of extra room for adding custom equipment if desired. A molded bilge liner has a nonslip sole and the overhead is finished in high gloss. Stringers are capped with polished stainless steel foundations and there is a built-in storage area for tools and spare parts. The generator is located beneath the cockpit, which makes sense from a performance standpoint. Generator noise and vibration are also isolated from the accommodations. The generator access hatch has positive latches, gutters and a neoprene gasket.

Electrical System

- AC/DC distribution panel with reverse polarity indicators
- All batteries neatly stored in FRP boxes Batteries (4) - Lifeline 4D AGM batteries for house, engine start & electronics
- Battery charger, 40 amp
- Battery paralleling
- Bonding system with transom zinc
- Circuit breaker, Carling all-magnetic
- Generator - Northern Lights, 12KW with sound shield, remote start, gauge panel, water lift muffler, safety shut down system & sea water strainer
- Glendinning cablemaster with 125/250V 50 amp shore power cord (50ft.)
- Inverter/charger, Heart 2500W

- Navigation lights
- International Shore power select switch Voltmeter & ammeter

Hull/Deck Exterior

- Custom high polished safety bow and hand rails
- Anchor roller, S/S, with 45lb CQR anchor & 25m chain handled by a Maxwell windlass which can be operated from the flybridge
- White Boot stripe, Flagship Blue Hull, White superstructure all Gelcoat
