SPECIFICATIONS

Overview

It may not get much funner and faster than the E33.

Imagine a cockpit that is over 15 feet in length, with an interior that provides berths, galley and small head. Perfect for that weekend get-away, quick afternoon sunset sail, or taking the family out for the afternoon with a stop for a swim.

And go racing when you want even more thrills.

Share the fun. The e33 is quite simply the perfect daysailer. Simple to sail, made with high quality materials, easy to rig, and fast. The e33 is sailed to its full potential with the entire crew seated comfortably inside the spacious 16 foot cockpit. Nearly six feet of cockpit is actually behind the traveler, which creates an aft lounge away from all sail handling. **Easy Performance.** The e33 is designed for no-hassle sailing and perfect for single handing. The sails can be easily raised and trimmed without winches. She features a fast and easily driven v-hull, high stability and high lift foils. A carbon fiber mast with swept spreaders and no backstay allows for an ultra efficient flat top mainsail and easy to handle headsail.
