SPECIFICATIONS

Overview

A classic NEW day sailing S&S design with options for cruising for a weekend or racing around the buoys.

Inspired by one of Olin Stephens all-time favorite designs, BABE, a 30' wooden sloop built in 1935 for Commodore Matheson for the Miami-Bermuda race. BABE proved herself in winning races due to her plumb bow, generous sail plan, and short stern overhang.

This was the last design project that Olin Stephens participated in prior to his passing away in 2008 in which simplicity, affordability, ease of sailing and the passion for sailing performance were Olin's and S&S's design objectives.

Now available for 2012 deliveries for orders received prior to Dec. 31, 2011.

The pride of ownership of such a classic design is timeless especially given the expertise of the S&S design team who has recreated BABE using modern materials, state of the art construction methods, combined with an efficient, modern rudder and keel design.

Basic Information

Category: Daysailer
