DETAILED INFORMATION

Description

The PAOLUCCI is a yacht with a noble curriculum.

It was entirely made of wood at the historical shipyard PICCHIOTTI in 1970, and she has been used by the Italian Navy until 2000. On more than one occasion, she has welcomed the President of the Republic, as the official yacht of the presidency.

This very exclusive pedigree makes the PAOLUCCI a real piece of Italian history, a lady of the seas.

Thank to a careful and painstaking renovation project begun in 2006 and finished in 2009, the yacht has been restored to her original splendor. The refitting has been carried out by the skillful hands of artisans specialized in refitting of old ships.

With the objective of preserving the sober elegance of the original design, innovative and prestigious elements have been blended together. Attention to details is the hall mark of the PAOLUCCI.

Natural materials and colour have been selected for the interior. A white-ash wainscoting, a fine opaque burma teak and elegant and essential-design furniture decorate the habitat of a dreamy cruise.

The PAOLUCCI can accommodate up to ten people in the master cabin, the three VIP double cabins and in the guest cabin with twin beds. All cabins are equipped with en-suite bathroom with shower, AC and B&O audio and video system.

Comfort and elegance, as well as efficiency and cutting-edge technology. In fact the functional sections of this exclusive motor yacht have been redesigned and entirely renewed. A new engine room and an additional engine to increase speed and manouvering (three 1650 hp engines), a new on-board system, from electronics to

hydraulics, not to mention the digital navigation instruments.

Exclusions

Owner's personal belongings.
