**Model:** MX 6.2 320 hp

**Engine Type:** Inboard

**Fuel Type:** Gas

---

## DETAILED INFORMATION

---

### Four Winns V358

---

Beautiful and in immaculate condition, this boat shows immense pride of ownership and proper ongoing maintenance. It is truly in 'showroom condition'. The boat has only 140 engine hours and 5 hours on the new Kohler generator. It was last hauled for anti-fouling in December, 2011.

### Accommodations

---

Entry through an acrylic cabin door with screen is a good start. Strict attention to detail enabled the Four Winns designers to create a space that contains all the convenient and comfortable touches of home. The galley, for example, is outfitted with fabulous solid-surface countertops, cherry cabinetry, sink and under-cupboard lighting. Preparing snacks and meals is simple with the V358s two-burner flush-mounted electric stove, refrigerator, microwave, and trash receptacle all mounted within the woodgrain cabinetry. Flooring in the galley area is beautiful teak and holly for easy clean-up. The head and shower's spacious design and function is yet another plus, with a porcelain head equipped with VacuFlush, and a hot water shower. An elegant sink and solid-surface vanity, along with a two-tier storage area, towel rack and overhead lighting make the space perfectly beautiful and efficient. Ventilation is ample with the screened port light and power ventilation fan. Tank level gauges indicate levels for potable water and waste. Nestled in the forward berth is a raised island for resting in comfort on the innerspring mattress with large storage beneath and cedar-lined hanging locker. The dinette features an adjustable-size table and more storage below the plush seating that can also be converted into a spare berth. Mid cabin inspires cozy relaxation with U-shaped seating that converts to a berth and additional storage including another cedar-lined hanging locker. Teak and holly flooring has been added throughout the cabin. Central vacuum helps provide the tidiest boating experience ever. The cabin's multi-zone lighting (including courtesy floor lighting) and window system sets the mood for entertaining and allows for isolated lighting. Dual Sony stereos and iPod/MP3 ports and 12 VDC receptacles make entertaining easy in the cockpit and in the cabin; perfect for accommodating different tastes in different places. Movies are convenient with a flat screen television and DVD player mounted in the cabin. SIRIUS satellite entertainment sound system is accessible via remote control. Powered by shorepower or the new Kohler 6 kw generator is a 16,000 BTU air conditioning and heating system for the perfect climate, no matter the season.

### Galley

---

'Stargazer A's galley is beautiful and functional. It includes a single stainless sink with integrated cover / cutting board, a microwave oven, roomy fridge, two burner electric cooktop and well-

designed task lighting that makes entertaining a joy.

---

## Cockpit

---

Engine access is made convenient thanks to engine compartment lighting and an electric-assisted lift. The refreshment center with multi-level solid surface countertop, sink, freezer/ice maker, and a removable table make entertaining a snap. The table is teak for beauty and durability. There is generous U-shaped stern seating (with adjustable table and fill-in cushions for an extra berth) and double adjustable helm (electric on driver's side). Seats feature Aquaflex vinyl, tops in marine-grade upholstery, and the cockpit includes new marine carpet over a fiberglass liner. The integrated aft swim platform eases guests into an immaculate homelike environment the minute they step up. It can be transformed into a virtual recreation center with all the options that can be selected. Using a center rail mounting system, a table, grill, fishing rod holders, and a tube rack can quickly be attached. Swimmers can enjoy an angled ladder with wide, comfortable step pads, and there's a hot/cold swim step shower for rinsing away sand and debris. And in the evenings, the V358's underwater lighting creates a beautiful atmosphere with large light fixtures mounted below the swim platform, filling the surrounding water with a luminous glow.

---

## Helm

---

The tilt steering wheel radiates high-performance look and feel. The dash features a lighter color gel coat, plus a new charcoal finish as the backdrop for controls. Polished stainless steel bezels highlight a comprehensive series of Faria gauges, tachometer with hour meter, and a compass to guide the way. The lenses in these gauges are specially coated to resist fogging and condensation. And for utmost safety precautions, a gas vapor detector is now standard. When the dash is not in use a canvas cover protects from UV. Navigation packages include the Raymarine VHF C80 package with an E80 display, including a depth sounder, chart plotter, radar, and SIRIUS Satellite Marine Weather radio. Imagine the ease of control with a bow thruster and the standard dual engine electronic binnacle controls. Electronic throttle and shift make piloting effortless, a feature that adds even greater value and pleasure to the V358 experience. Trim tabs are standard, and fingertip rocker switches feature LED lighting for optimum visibility. Windshield wipers at port and starboard are included. For extra peace of mind, the V358 is equipped with a fire extinguishing system.

---

## Electronics and Navigational Equipment

---

'Stargazer A' features top-of-the-line Raymarine electronics, including an E80 display for radar, chartplotter and GPS. Included are a Raymarine VHF radio and autopilot.

For entertainment, the boat features twin Sony stereos with multiple zones for maximum convenience.

## Additional Details

---

A color-matched canvas camper system that attaches to the radar arch is included and converts the deck to a fully sheltered entertainment area for those breezy evenings on the water. The hinging radar arch is complete with cockpit lights, speakers, a wire chase and grab handles. Premium all-white gel coat finish provides a classic, clean finish.

For convenience, this boat has lots to offer: bow thruster, dockside inlets for power, cable, telephone and water. A transom storage locker holds fenders, and the windlass includes foot controls, rope, chain and anchor. A remote flood/spotlight, fender holders on the bow rails, fully enclosed canvas, new Strata-glass front screens, new carpet and additional fuel filters.

## Exclusions

---

Owner's personal belongings.
