DETAILED INFORMATION

Accommodations

Mastiff offers 4 staterooms for 9 guests:

Upper deck: Owner's stateroom with Queen size double bed on upperdeck, with large sliding doors giving access to the sundeck area where 3 chaises-longues and a coffee table are provided. This suite is also served by an elevator (salon to Owner's suite and viceversa), ensuite bathroom with separate shower and independent music supply and separate dressing room.

Captain's cabin located next to the bridge.

Mood lighting installed around windows and doors controlled by dimmers.

Bridge deck: Expansive raised sun bed aft. Covered dining deck with seating for 10 Guests leading through sliding doors to main salon. Additional exterior access by way of staircase to bridge deck aft.

Saloon has comfortable U shaped couch to starboard with breakfast table forward. Elevator positioned forward on the port side. Day head to port. Crew access door to galley and crew mess. Two ensuite crew cabins forward accessed from side decks.

Lower deck: Access by way of staircase from Main Salon, forward VIP suite with double bed on lower deck, ensuite bathroom with separate shower and black marble finishing. 2 guests twin cabins, both with separate beds (one of them with a third pullman berth) and ensuite bathroom with separate shower. All bathrooms have black marble finishings and all cabins offer complete hi-fi and video equipment. Air conditioning throughout.

All staterooms have white oak floor and satin-finished bulkheads. All lights inside the yacht can be managed by guests on their own preferences: they can choose for their own cabin or for the salon the best lighting mood for each different moment; all electric switches are very easy to use and light combination changes depending on the number of touches. A complete new electronic navigation equipment in the bridge has been installed and integrated alongside the old one , combining elegance and efficiency.

Remarks

Mastiff maintained its retro glamour intact without giving up all the comforts of modern technology and avant-garde design.

Entirely made of welded steel and with a twin screw propulsion system, MASTIFF was at work as a rescue tug and for towing purposes until 1999 under Lloyds register class.

Exclusions

Owner's personal belongings.
