Manufacturer: MAN

Model: D2848LE403

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Broker's Remarks

It is not often that the owner of a 65 foot yacht enjoys working on it himself. This yacht has had only one owner, and the owner likes to be part of her day-to-day upkeep. Take a look at the engine room and you'll understand--it is immaculate from years of care. This 2000 65' motor yacht still has attractive, up-to-date lines 12 years after she was built. She has three staterooms, crew's quarters, and a custom utility room built by the factory where the smaller fourth stateroom would have been. This very serviceable, good looking yacht lists at less than a third of the list price of a new one. If you are in the market for a used motor yacht around 65 feet, then you ought to come and look her over!

Salon
