## Overview

---

Probably the most unique feature on the 54 is her cockpit, which is basically one big lounge area. The cockpit is fully enclosed and has air conditioning. It has a retractable sun roof and power side windows. In the salon the U-shaped lounge also convert into a dinette with a full size table for dinner. The galley is quite practical with polished cherry refrigerator/freezer doors, double stainless steel sink, four-burner electric stove, two portholes for extra light and lots of cabinet and drawer space. The 54 has three staterooms each with their own head.

Pershing was started in 1985 with the immediate success of their 45-footer. As an Italian boat Pershings have a distinct style and character, and from a distance you cannot mistake them. With her sleek design and European flair, the Pershing is one of most beautiful boats on that water today. Both impressive and graceful the Pershing 54 is an incredible example of what fine European craftsmanship and advanced European technology can produce. With just a glance the smooth and seductive European lines are evident from bow to stern implying speed and sophistication.
