SPECIFICATIONS

Overview

MY MARILYN is one of a few custom built yachts in the world that has never been chartered and only had one owner as well as Captain maintained. Building her to ABS standards has put a touch of safety and quality that only Hatteras could execute with a custom built yacht like MY MARILYN. 4 stateroom plus crew, MY MARILYN would make a good charter boat.

Vessel Walkthrough

Boat built to ABS Standards and Inspected

“My Marilyn” is among the finest custom built yachts to ever come out of the Hatteras factory and was built to ABS standards. This vessel which has never been chartered was launched in 1994. This vessel exhibited many custom options that were ahead of her time. The owners who built this vessel still currently own her and this vessel was custom built to meet their needs, making her a one of a kind. “My Marilyn” boasts a four stateroom layout with 3 spacious VIP suites and a grand full beam master stateroom. Crew accommodations forward allow for 5 crew members and features a small galley and laundry center as well. One of the many highlights of this vessel is the aft deck “pass through” bar which allows guests to sit on the aft deck bar stools and be served through the bar that adjoins the grand main salon. Oversized windows in the grand salon offer guests a spectacular view of the surroundings and is only topped by the detailed joinery work throughout the vessel. Combinations of crown molding and silk wall coverings make this vessel a timeless masterpiece. Just off the main salon to the port side a well-appointed powder room allows for guests to freshen up without having to go below deck. The galley cabinetry is executed in white lacquer topped with beautiful granite. A large country kitchen settee allows for guest to gather around comfortably while enjoying a meal. A fully enclosed pilothouse allows for comfortable operation out of the weather and provides great visibility for the captain while underway. Equipped with all the proper navigational equipment and backups; this vessel is fit for cruising. A large flybridge makes for a great entertaining area with a Jacuzzi, full wet bar and settee seating. This area is sure to be popular with the guests as it allows for sunbathing and taking in the view from atop the bridge. This vessel is set up for Mediterranean cruising with features such as 50hrz/60hrz power capability, a large stern passarelle and aft deck capstans.

“My Marilyn” is well equipped mechanically with all the features one would want in a luxury yacht. Her stabilizers make for a smooth ride while her 3 CAT 3412’s push her effortlessly at speeds up to 23knts. Other special features which make this vessel ideal for long range cruising include a fuel polishing system, black water treatment system, 1400 GPD water maker, 2 Onan 55 kw generators and 85 HP bow thruster. “My Marilyn” is “turnkey” and possesses everything a yacht owner would want in a yacht.

“My Marilyn” is one of a few custom built yachts in the world that has never been chartered and only had one owner as well as Captain maintained. Building her to ABS standards has put a touch of safety and quality that only Hatteras could execute with a custom built yacht like “My Marilyn”.

Main Salon
