DETAILED INFORMATION

Remarks

While the exterior styling of CDM's new Nauta Air Line is contemporary and elegant by design, its heart and DNA follow the finest traditions of CDM's Explorer Yachts. At nearly 80 GRT, with a 21'4" (6.5M) beam, this semi displacement motor yacht has the interior and exterior volume found in many much larger yachts. The Nauta Air 80 accommodates up to 10 guests in four generous staterooms with a full beam master and features an expansive main salon, exterior decks and full walk-around side decks. Clear glass is used extensively in all living areas allowing the 80 to be open to its natural surroundings, creating a contemporary free flowing atmosphere that redefines the relationship between the yacht and its environment.

True to its 'Explorer' DNA, the Nauta line is built to the highest class standards, her MANN VP 900 Engines and 15,000L fuel capacity combine to produce a top speed of 17.5 knots and a range of 1900NM at 11 knots but with only a 5ft draft she is well designed to explore wherever she wishes to go. As with the Darwin Class her list of standard features is extensive and all systems, engineering, electrics, electronics and appliances are of the highest quality. From inception to tailored design Cantiere delle Marche has the tools and knowledge to deliver the finest yacht and experience to its clients. The Nauta Air Line is available as an 80, 96, 105 or 115.

Exclusions

Owner's personal belongings.
