SPECIFICATIONS

Overview

“Ditty Wah” is a 1983 Bertram 54 that underwent a full remodel of the entire vessel in 2008-2010. The vessel was painted and the interior was re-designed with a high gloss cherry wood finish. Some parts and wiring are new during this time. The engines were completely overhauled and the generator is brand new. This project removed 20k pounds of wiring and old parts. She is very economical to operate burning 70 gph while cruising at 23 knots. This vessel shows well and is truly a complete remodel of a classic Bertram design!

Basic Information

Category: Sport Fisherman

Model Year: 1983

Year Built: 1983

Refit Year: 2007

Country: United States
