ПОДРОБНОЕ ОПИСАНИЕ

Vessel Walkthrough Overview

Entering the salon from the aft deck one gets a sense of open space. There is an easy chair with ottoman to port along with two sofas and tables. To starboard are two chairs, entertainiment center and storage cabinets. Forward to port is the U-shaped galley with granite counter tops. To starboard, a is a large granite countertop with Sub Zero refridgerators and freezers below. Forward of the galley to port is a casual dining area. In the center is a helm station. To starboard is a staircase from the lower control station which leads to the flybridge with a upper helm. The fly bridge hard top has clear panels that can be dropped into place to make an airconditioned enclosure. On the next level aft is the master stateroom with a king size bed that can be made into two large twins, his-and-hers baths sharing a shower enclosure on centerline. There is a twin guest cabin to to port, a second guest cabin with T-bunks to starboard each with a private head and shower. All the way forward, is an enclosed VIP stateroom with private head and large shower. There is a crew quarters for two located aft on the lower deck with access through a watertight transom door.

Salon

The Salon feels wider than Never Quit's actual 21 ft. beam. The entire main deck interior is a large open, well-lit, very spacious area giving this yacht a much larger feel. Many have commented that the interior of Never Quit seems more like that of a yacht 20 feet longer.

Entering from the spacious aft deck, the entire salon is a large conversation area with tasteful, custom built leather furniture. there are two large comfortable couches and 2 leather chairs.

Across from the leather couch is a custom entertainment center with a 42-inch high definition plasma TV that drops down into the side panel when not in use. The carpet is light. The wood throughout the yacht is satin finished Mozambique Mahogany. On the main deck there is an abundance of natural lighting via the 14 very large windows. All of the windows and portholes in the yacht have custom built wooden blinds. This yacht has a wonderful, comfortable "feel" about it. The interior design is tastefully contemporary.

Never Quit — HARGRAVE Страница 10 из 28

Galley/Helm Area

Forward of the salon is the large functional galley, containing the latest in appliances and refrigeration. The galley has more then ample space on its counter tops for food preparation. The countertops are granite and compliment the wood nicely. Forward of the Galley to port and adjacent to the master helm is another casual dining area with seating for 8. The helm has a Stidd captain's chair and an impressive array of the latest electronics. See the electronic list at end of listing To starboard of the helm is entry to the side deck and also has a second stairway to access the flybridge and upper control station.

All Stainless Steel Galley

Appliances include:

2 x Sub-Zero Wood Panel Refrigerator 2 Sub-Zero Wood Panel Freezers

Boran Down-Draft Exhaust Fan GE Trash Compactor- GE G Disposal

Fisher & Paykel Dishwasher Combo Oven, Microwave Drawer

U-Line Wood Panel Wine Cooler

Aft deck

The covered aft deck area easily seats 8 people for alfresco dining. The teak decks add warmth and nautical atmosphere to this area of the yacht. To port, there is a stairway leading to the flybridge and sun bathing area. At each side of the large aft deck settee, are stairways port and starboard leading to the large swim platform and the main entrance to the crew quarters. Audi/Visual Aft DeckSharp 32" LCD DisplayLSE 30" Fold Down Ceiling Mount w/Quiet MotorPoly-Planar MA 6800 Round Speakers x 4 Crestron 12 Button Decorator Function KeypadUpper Aft DeckStainless steel BBQ

Fly Bridge

When one first enters the flybridge they are impressed with the sheer amount of space it encompasses and how efficiently it is utilized. The area is fully air conditioned. It is reminiscent of yachts in a much larger class. It is ideal for southern climates in the heat of the day. The flybridge is enclosed with Isinglass which can easily be opened to allow free flow of air in good weather. Behind the fly-bridge control station and to starboard, there is a large settee (storage under) that provides dining for 8 guests. Across from this to port is a large fully equipped bar. There is a refrigerator, drawers, icemaker and sink behind the bar. There is also an IPOD and FM radio through the Crestron 12 button keypad on the helm. There is a stainless steel ladder to topside of upper helm, which fits over the jacuzi/spa cover. One notices the custom hardtop and mast are designed to allow more visibility then what is found in most yachts.

Never Quit — HARGRAVE Страница 11 из 28

Sun Deck

Moving aft of the isinglass enclosed fly-bridge area is the sunning area complete with a large sun pad alongside a Jacuzzi for 6. Further aft there is space for 3 full-length lounging chairs. Note that this area could also be used to store the tender if one were to add a davit. The deck has been reinforced for this purpose. The tender is stored below on a custom TNT lift which also functions as part of the swim platform. **Sound:** IPOD and FM radio through upper helm keypad 3 x Poly-Planar MA6800 Round Speakers with their own volume control on aft deck

Master Stateroom

The master stateroom has a king size berth that can easily be converted to 2 single beds as depicted in the photos. It has his and hers heads with a large glass shower area connecting the two. It has separate vanity and ample storage. The master has a TV which electronically folds down from the ceiling so it is out of the way when not in use. **Audio/Visual equipment for Master** Cybettone Single Disk Player DVD/CD 32" TV Recessed into ceiling Sharp 32" LCD Display Kramer 903 Mini-Amplifier Speaker Craft CRS Two-Speaker Pair Extron MLS 103 V Composite Video Switcher Crestron Mini LCD Handheld Remote Crestron 418MHZ RF Gateway DVD player

Remarks

Never Quit is one of the most innovative custom designed Hargrave yachts ever built. It is the owner's third custom built yacht and it is easy to see that the ideas from his vast yachting experience have been incorporated into the design and functionality of this yacht. After many years of owning much larger yachts the owner wanted to downsize for a while, therefore the yacht was designed to be run with a minimal amount of crew. Never Quit is the result. Never Quit has been maintained to the highest standards. 10. The yacht comes with full-extended factory transferable warranties on engines and generators. The warranties on the main engines are valid until 2016 and can be extended past that date if desired. This is a must see yacht and sets the bar when comparing other yachts in its class. You will have to look far and wide to find a yacht with this much value. Never Quit has a serious seller who has priced her to sell!
