Производитель: Caterpillar

Модель: C32 ACERT V12

Тип двигателя: Inboard

Тип топлива: Diesel

ПОДРОБНОЕ ОПИСАНИЕ

Accommodations

The silhouette is true to lines that typically express that familiar Azimut design, whereas the glass windows in the deckhouse - as well as the double panoramic windows in the hull - introduce unprecedented design elements that command asymmetries that prove to be the new strong point.

The sun, light and unique charm of the sea and life outdoors are all concentrated in a large flybridge (55 square metres), that is decked in teak and protected by a hard top that increases the pleasure of

experiencing this splendid "balcony" overlooking the sea.

Light, comfort, elegance, and also and above all privacy. The crew aboard the 88 can get across the boat to the fly or down to the engine room without disturbing owner and guest privacy, thanks to a system of passageways and two-sided doors that give onto the outdoor walkways in proximity of all service areas.

Flybridge

The flybridge and full beam sun deck are accessed through the external staircase in the aft cockpit with

teak steps.

Windscreen in plexiglass and steel

Stainless steel, propane grill in custom stainless steel support

Wireless remote controlled floodlights x 2 and spotlights x 2
