**Deck Material:** Fiberglass Sandwich

## Engine Information

---

**Engines:** 1

**Manufacturer:** Yanmar

**Engine Type:** Inboard

**Fuel Type:** Diesel

---

# DETAILED INFORMATION

---

## OVERVIEW

---

"Valandia," a Racer/Cruiser has all the blue water racing & cruising gear anybody could ask for. The owner has recently spent in excess of **\$75K in upgrades**. Some of these include the **latest in marine "touch screen" electronics, a "fresh" water flushing system for all the heads** in the vessel. The custom made shades alone were a \$2,000.00 upgrade.

Jeanneau offers an overall concept of space and interior design that borders on the ease and comfort of a luxury yacht. The choice of quality material such as teak, and the carefully detailed finish work combine for a high level of craftsmanship.

The U-shaped galley is wide, well ventilated, and is fully functional with a quality stove, oven, icebox, and refrigerator. The salon is warm and friendly and the navigation station has been particularly well designed. Many hatches and portholes provide soft natural lighting throughout the interior. The overhead skylights offer plenty of additional lighting during the day and hidden shades pull across for privacy at night. All the guest and owners cabins are accessible from the main salon and each of them has its own separate head with shower, toilet, and sink. The owner's forward cabin is comfortably equipped with a large queen-size bed, a desk, a vanity, two wide hanging lockers, a private washroom, and storage lockers.

## ACCOMMODATIONS

---
