SPECIFICATIONS

Overview

Alexia is a very spacious 94 ft motor yacht with a lot of volume for her size. The enclosed fly bridge, which is about a \$350K option in this model, gives the owner another climate controlled entertaining area. This yacht has been very well maintained, bow to stern, and it shows as anyone will observe on a look through. There have been many recent upgrades. The hot tub, hard wood flooring in the salon, new Nav. electronics, new stbd generator, and all new stereo and sound equipment in the salon and Sky lounge are to just name a few of the new items.

Alexia is set up to tow a 25 ft. fishing boat and also carry two additional toys on board. This boat really has all the options of much larger yachts. This yacht is ideal for the Bahamas due to its shallow draft but is also very sea worthy with large stabilizers. Alexia is a coastal cruiser and has endless possibilities.
