SPECIFICATIONS

Overview

This extra clean, extremely well maintained MasterCraft 19 Skier is a hard core ski/wakeboarding boat! Although it is the least expensive boat in the MasterCraft line, the manufacturer does not intend it to compete with entry level-priced boats. They say it is more of a purists' boat - one for someone looking for a quality boat that will last a lifetime as well as one that has world-record capable towing performance. The 19 Skier is MasterCraft's value boat, but nowhere did MasterCraft scale back it's commitment to construction excellence. It is built exactly the same as all of the MasterCrafts, so the 19 Skier has the solid ride expected from a MasterCraft.

This boat also has some beneficial touches and finishing. The black, non-glare dash is highlighted by large dual speedos and a tach front and center. The Captain also has a comfortable console with a built-in cup holder and custom steering wheel. The rear bench seat either converts to a sun deck or removes completely to make it easier to get to the swim platform.

Proof of this boat's skiability lies in the fact that the null was the top-of-the-line MasterCraft ski boat a few years ago. It's wakes are still world-class for slalom. The hull is slightly smaller than the new ProStar 190, so it's a little more nimble plus it is a great value. When it comes to skiability, the 19 Skier sacrifices nothing. She's a maneuverable and responsive boat combined with high-end, tournament-level slalom performance that skiers of all abilities will love! For a smaller boat, the interior comfort is outstanding. Provides deep driver and passenger seating. A custom wakeboard tower was made specifically for this amazing boat for the best wakeboarding experience! The clamshell engine compartment design provides easy access to the motor and keeps items on the floor from being lost. The removable back seat easily converts to a sun deck, which is perfect for lounging and sunbathing.

This boat has been impeccably maintained and includes all maintenance and service records. An upgraded custom Clarion Marine CD Player with dual amps power four (4) tower speakers as well as front and rear speakers! This boat is turn-key and ready for your ski and wakeboarding adventures! Do not miss out on this just listed boat by inquiring today for a personal vessel walk-through!

Basic Information

Category: Deck Boat
