SPECIFICATIONS

Overview

You will find this LARSON 220 CABRIO to be in exceptionally good condition for her age and priced to sell fast! The owner has had the boat fully serviced every one hundred (100) hours and just recently changed the spark plugs for peak performance. This has been a fresh water boat until March of 2012 and always has been kept stored high and dry. She's built to accommodate ten (10) passengers (or 1,975 lbs.) and features a very comfortable cockpit layout. Should you find yourself in a fun boating area, while other boats may have to bolt to seek shelter from the rain, you're OK in this one per the full canvas / eisenglass cockpit enclosure and the comfortable cabin down below deck which features a berth and head with privacy curtain. This boat is also perfect for those overnight get-away weekend boating adventures and offers a nice dinette table which is removable for use down below or on deck. Just as important, this LARSON 220 offers performance and economy with her Duo-Delta Conic hull design and Volvo 5.7L engine package. The hydraulic trim tabs also help to deliver a perfect level smooth ride no matter where your guests are sitting on the boat. The counter rotating duo stainless steel prop delivers excellent performance for getting up on a plane with very little deadrise (perfect for water skiing) and makes docking this boat in strong winds and current much easier than a single prop set up. The durable fiberglass cockpit liner makes for easy cleanups after a day out on the water. The sliding cabin door has molded steps for access to the foredeck, which is surrounded by a sturdy stainless steel bow rail. The electronics included are a new SONY AM/FM/CD iPod player with four (4) speakers, Bow Mounted Spotlight, Depth Gauge w/Alarm, Compass and all of the standard LARSON 220 Cabrio Illuminated Helm Instrumentation. If you've been looking for a well maintained fun affordable boat to get out on the water with friends and family, you've just found it!
