SPECIFICATIONS

Overview

The M41 is probably the most popular series offered by Mondo Marine having recently been nominated for numerous awards for the 2013 41m 'Nameless' & 2012 41m 'Okko' World class quality one comes to expect from a member of SYBAss (Super Yacht Build Association). 41m full displacement, aluminum construction allows a top speed of 17+ knots while still obtaining a range of over 3,000nm at an economical speed of 12 knots. Included on this e-mail are the profile pictures & general arrangements of numerous past completed projects such as Nameless, Okko, Manifique, and Alexander Two. Additional information & brochures are available on each so you can view the quality first hand. No two yachts constructed at Mondo Marine are ever the same. Each is completely customized for the individual from the exterior deck spaces, interior floor plan, decor, tenders and toys. Delivery period: 28 months

Basic Information

Category: Motor Yacht

Delivery period: 28 months **NOTE: THIS IS A BRIEF PRESENTATION TO GIVE YOU AN IDEA OF WHAT IS AVAILABLE. FURTHER INFORMATION IS AVAILABLE UPON REQUEST. PLEASE ASK AND WE ARE HAPPY TO HELP MAKE YOUR DREAMS COME TRUE.**

Mondo Marine - SYBAss Announcement

Mondo Marine is pleased to announce its appointment as a new member of SYBAss (Superyacht Builder Association) founded in 2007 to represent the world's leading builders of large yachts who, over the last 10 years, have successfully delivered a minimum of 3 custom or semi-custom motor or sailing yachts measuring over 40 metres in length.

Mondo Marine designs, engineers and builds its vessels at the Savona production center. The yard covers a seafront area of 35,500 square metres, with 9,500 square metres under cover. The facilities include 100 metres of jetty space for motoryacht mooring, an 820-ton travel lift, one of the largest on the Med, and a 300 ton trolley.

As many as 61 are the yachts built so far, most of them for celebrity clients. Among them, there's the stellar 'Tribù', the first yacht to be awarded Green Star certification by RINA, showing the owner's environmental commitment through a series of technical criteria.

Mondo Marine, offering a totally full-cycle production right from the cutting of the hull sheets, has exported worldwide its commitment to excellence through its yachts embodying Italian skill and talent in everyone of their details.

This Savona shipyard, with an increasingly visible presence in global markets, has just placed its name side by side with that one of other 24 members such as the German L ü rssen, the Dutch Heesen Yachts, Oceanco and Amels and the American Trinity Yachts.

Shipyard Overview

Mondo Marine designs, constructs and carries out the engineering to its yachts at its production site at Savona. The yard is positioned on the sea front and stretches over 35,000 square metres, 9,500 of which are covered. There are wharves stretching over 100 metres in length to accommodate maxi yachts. There is a 820-ton travel lift, one of the largest in the Mediterranean, and a 300-ton cradle. We are currently constructing new warehouses and will soon begin restructuring our offices.

Values

FULL PRODUCTION CYCLE Mondo Marine produces every element of its yachts, starting with the cut of the metal of the hull. Every detail of the yachts showcases the excellence of production and the pure Italian style. The yard exports worldwide. The workings on the aluminium and steel are done internally. **QUALITY AND SAFETY** The work is carried out to extremely high standards, in line with ABS, Lloyd's Register and RINA. This guarantees precision and perfect linearity of construction as well as controls over the standards and ensures delivery on time.

TECHNOLOGY The MONDO MARINE ENGINEERING division carries out the installation of the most technologically advanced onboard systems as well as conducting naval engineering research into water lines and hydrodynamics. This makes it possible for Mondo Marine to create extraordinary powerful yachts that are fast and silent, making navigation extremely safe and comfortable. **ENVIRONMENTALLY FRIENDLY** Some 62 yachts have rolled off the slips to date. Among these is the famous Tribù, the first yacht to be awarded the Green Star certificate of environmental standards by RINA. This allows the owner to document his respect for the environment by fulfilling a series of rigorous technical criteria.

Exclusions

Owner's personal belongings.

Disclaimer

The Company offers the details of this vessel or yacht in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his representatives, agents, or his surveyors, to investigate such details as the buyer desires validated.
