SPECIFICATIONS

Overview

Manufacturer Provided Description

Before the Silverton 322 Motor Yacht, (37' LOA) finding two private staterooms and two private heads - one with a full stall shower - in a 32-footer would have been difficult. Silverton has created space that never existed before by incorporating the innovative "SideWalk" of the 322. By moving the salon out to the gunnels, the interior becomes much larger. The foredeck access is excellent with the wide, molded steps and sturdy rails. A high toe kick makes moving around safe and easy whether handling a line or setting the anchor. Aft, is a wide open aft deck with molded steps, not only up to the bridge, but also down to the extra-wide swim platform which comes complete with a swim ladder, transom shower, and cord storage.

A singular feature of the 322 is its amazing sleeping capacity of six people. In the bow, a double cabin with an offset bed has a head and shower adjacent to it, while aft to starboard is another double with a head across the hallway. The main salon has a u-shaped dinette and a lounge.

The galley features a two burner electric range and a full size AC/DC refrigerator- freezer.

The main options to consider are the diesel power, in the form of twin Volvo KAMD 43's and 5kW diesel generator.

Electronics

Furuno Radar model 821

Autopilot: Simrad CE32D TFT

GPS Plotter: Furuno
