DETAILED INFORMATION

Remarks

ESTATE SALE. This one owner 80' Lazzara has never been out of the country. Original Captain since new! Don't miss out on this pampered Lazzara. She won't last at this price. Offered for co brokerage at 50/50. "R-Cabana III" has only 2,600 original hours on her. She has enjoyed the benefit of one owner and captain since new. She has been continuously well maintained and upgraded as you would expect from a yacht of this caliber. Fresh hull paint and fresh bottom paint.

The Ultimate in Luxury. Highly desirable Skylounge model. The layout on deck consists of a full beam width main salon with separate dining area, a large galley forward with country kitchen style dining area, and day head. Midship stairs lead up to the upper helm area and upper salon (fully enclosed and air conditioned). Large sliding glass doors in the main salon lead to the aft deck area with dining table, chairs and aft deck refrigerator. Large sliding glass doors in upper salon lead to upper aft deck with couch, chairs, table, grill, and refrigerator. The 14.5' Novurania tender is stored here while underway but can be lowered to create additional sunning area. Aft deck stairs lead down to the swim platform, hydraulic tender lift, jet-ski storage pods and engine room.

The layout on the lower deck consists of three staterooms amidships with ensuite heads and showers and two staterooms forward with ensuite heads and showers.

The Lazzara 80SC has outstanding performance with the Caterpillar 1550 HP engines, Trac stabilizers with the latest upgraded circuitry, and a very desirable 4' 6" draft.

Lazzara Highlights

Lazzara is the only company that supplies as standard equipment a diagnostic monitoring system. ISIS (Integrated Ship Information System) is a computer monitoring system that monitors and records 64 different functions such as engine temp, fluid levels, pressures. This monitoring system records a "snap shot" every one minute of the yachts functions. A user-friendly interface displays all of the functions at the helm. The ISIS is also used in conjunction with our SeaCheck program. So let the 80 SC do all of the thinking for you.

The 80 SC was created from the ground up. The design criteria of maximizing space, a contemporary sleek styling, exquisite interior appointments, unparalleled performance and ease of maintenance are what makes the 80 SC the most advanced yacht ever. There are 5 comfortable staterooms and 5-1/2 heads, cockpit, electrically retractable windows on the Skylounge and the finest Makore wood interior in the world.

- 21st Century innovations
- Breakthrough design, styling, and systems
- Spectacular performance and sea keeping ability
- Custom yacht quality finish in a production yacht
- Modern engineering throughout all systems
