Overview

Jade is a Brazilian built, raised pilothouse, 2 stateroom trawler in very good condition. She just completed the Great Loop, but she also cruised on her own bottom from Brazil to the U.S., so she is a very good option for any buyer who is looking for both a blue water capable trawler and a Great Loop candidate. She also offers fuel efficient 110hp main engines and a dual cycle electrical system. Sellers have bought their larger trawler for their growing family, so they have priced Jade attractively to encourage a quick sale. Price reduced! JADE é uma embarcação tipo trawler de longo percurso, construída pelo estaleiro Medaglia no Brasil. As linhas de casco foram baseadas em projeto do arquiteto naval Nestor Volker. A construção é toda em fibra de vidro reforçada e os vidros das janelas de proa são todos laminados com 25 mm de espessura e os laterais 12. O barco navega muito estável e é eficiente tanto em oceano como em águas abrigadas. Com 2600 horas de experiência já navegou toda a costa Brasileira, o norte da América do Sul, o Caribe e mais recentemente realizou o Great Loop Americano. Tem dupla motorização MWM de 110 hp, fazendo cruzeiro econômico de 8 nós com média de 2,2 litros por milha navegada. A embarcação está sendo vendida pois com o aumento da família os proprietários adquiriram uma embarcação maior.
