SPECIFICATIONS

Overview

ALL GOOD TOO features a large aft retractable swim platform with retractable ladder; hot and cold pressurized fresh water shower; extremely large aft storage trunk and convenient water and electric hook-ups when dockside. The cockpit seating area is designed for total comfort for all of your many guests this boat can accommodate. The owner has installed blue LED Lighting in the Radar Arch and in the steps, which creates a warm comfortable feel in the evenings. The full canvas enclosure (with Bimini Top) and 60 gage ultra clear polycarbonate glass is of the highest quality (better than Stratoglass) and is easily removed and stored below when not in use. The three (3) Air Conditioning units will keep you more than cool below deck. You will find the helm A/C to be a blessing when cruising in the hottest Florida Summer months. The Westerbeke 5.0kw BCDB-614 Diesel Generator (with sound shield) powers all of your appliances and air conditioning systems while at sea. Should the weather turn bad you can cruise with the full canvas enclosure, or on those beautifully sunny days go with a totally opened cockpit. ALL GOOD TOO is also very easy to keep clean when on long cruises with the convenient Central Vacuum System. Also included is an aft drop-down canvas curtain and two (2) sun block screens for the windshield.
