SPECIFICATIONS

Overview

Ground breaking design by Italian Designer Luca Dini which debuted at the Monaco Yacht Show in Sept 2013. This design features sleek lines, unique flush transom the opens to reveal an expansive beach club area. Engine options include either MTU 16V 4000 or 2000 Series depending on the overall top speed the client desires. Light Alloy hull & superstructure gives her a top speed of 23+ knots, with a range of 3,200nm at more economical speeds. Truly destined to be a success.

Basic Information

Category: Motor Yacht

Model Year: 2016

Year Built: 2016

Country: Italy

Dimensions

LOA: 164' 1" (50.00m)

Beam: 29' 7" (9.00m)

Max Draft: 7' 3" (2.20m)

Speed, Capacities and Weight

Cruise Speed: 22 Kts. (25 MPH)

Cruise Speed Range: 3200

Max Speed: 23 Kts. (26 MPH)

Gross Tonnage: 370 Pounds

Water Capacity: 3117.2302136 Gallons

Fuel Capacity: 21133.76416 Gallons

Accommodations

Total Cabins: 5

Sleeps: 12

Total Heads: 7

Captain Cabin: True

Crew Sleeps: 9

Crew Heads: 5

Hull and Deck Information

Hull Material: Aluminum

Exterior Designer: Luca Dini Design

Interior Designer: Luca Dini Design

Engine Information

Engines: 2

Manufacturer: MTU

Model: 16V 4000 M93L

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

M50 GTO - Overview

Ground breaking design by Italian Designer Luca Dini which debuted at the Monaco Yacht Show in Sept 2013. This design features sleek lines, unique flush transom the opens to reveal an expansive beach club area. Engine options include either MTU 16V 4000 or 2000 Series depending on the overall top speed the client desires. Light Alloy hull & superstructure gives her a top speed of 23+ knots, with a range of 3,200nm at more economical speeds. Interior decor can be completely customized by the client who is welcome to invite his personal designer to work alongside the Mondo Marine in-house team of engineers & designers with Luca Dini. Truly destined to be a success with her combination of expansive exterior deck spaces, speed, performance, Italian style & design. Estimated build time is 30 months from the time contracts are completed. Pricing is available upon request.

Shipyard Overview

Mondo Marine designs, constructs and carries out the engineering to its yachts at its production site at Savona. The yard is positioned on the sea front and stretches over 35,000 square metres, 9,500 of which are covered. There are wharves stretching over 100 metres in length to accommodate maxi yachts. There is a 820-ton travel lift, one of the largest in the Mediterranean, and a 300-ton cradle. We are currently constructing new warehouses and will soon begin restructuring our offices.

Values

FULL PRODUCTION CYCLE Mondo Marine produces every element of its yachts, starting with the cut of the metal of the hull. Every detail of the yachts showcases the excellence of production and the pure Italian style. The yard exports worldwide. The workings on the aluminium and steel are done internally. **QUALITY AND SAFETY** The work is carried out to extremely high standards, in line with ABS, Lloyd's Register and RINA. This guarantees precision and perfect linearity of construction as well as controls over the standards and ensures delivery on time.

TECHNOLOGY The MONDO MARINE ENGINEERING division carries out the installation of the most technologically advanced onboard systems as well as conducting naval engineering research into water lines and hydrodynamics. This makes it possible for Mondo Marine to create extraordinary powerful yachts that are fast and silent, making navigation extremely safe and comfortable. **ENVIRONMENTALLY FRIENDLY** Some 62 yachts have rolled off the slips to date. Among these is the famous Tribù, the first yacht to be awarded the Green Star certificate of environmental standards by RINA. This allows the owner to document his respect for the environment by fulfilling a series of rigorous technical criteria.

Exclusions

Owner's personal belongings.

Disclaimer

The Company offers the details of this vessel or yacht in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his representatives, agents, or his surveyors, to investigate such details as the buyer desires validated.
