Engines: 2

Manufacturer: Cummins

Model: 6CTA8.3L

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Accommodations

From the helm deck entering through the sliding door brings you to the spacious and well appointed cabin. You will notice the beautiful teak/holly sole throughout as well as the teak cabinetry. The portlights and Bomar hatches throughout allow natural light.

To port is a U-shaped settee and teak table with foldout ends. The table also has a drop down position which allows for a double berth and the settee backrest converts to a Pullman berth.

The full galley is to starboard and features a two burner electric cooktop, refrigerator/freezer (new 2013), microwave, stainless steel sink and plenty of cabinet and drawer storage.

Forward of the galley and to starboard is the fully enclosed head. There is a shower with molded fiberglass seat and shower curtain, an electric vacu-flush head, countertop with sink and mirror, storage, and towel racks. Access is from the salon area through a door and there is also a private access door from the master stateroom.

All the way forward is the master private stateroom with walk around queen berth and a large storage compartment below the bed. There is a private entrance to the head, 2 large hanging closets and drawer storage.

The helm deck offers great visibility for the captain and crew. A custom hardtop was installed in 2008 which enhances her appearance, greatly reduces heat and significantly reduces maintenance. The helm can be cooled by the salon AC and is equipped with a power assisted 2 person bench seat. Guest seating features an L-shaped bench seat to port with storage underneath. There is a sink and icemaker (NEW 8/2008) to starboard aft of the helm seat.

The cockpit is another great area of the 37' Open. There is bench seating to port facing aft (mezzanine) with custom dive tank holders. There is a large storage compartment to starboard opposite of the mezzanine. There is also a large flip up bench seat in the transom. Aside from cruising and diving this 37' Open is also set up for serious fishing. There are Rupp outriggers, rod holders in the gunnels, a large in-deck fish box, and capability for a rocket launcher.

Whether you are cruising, fishing, or diving, this 37' Open is set up to be versatile. She has the preferred Cummins power and hardtop and she has been kept in excellent shape with upgrades and updates throughout her life.

Salon

- Beige U-shaped leather dinette with storage underneath
- Dinette converts into double berth
- Backrest to settee comes up to make a single Pullman berth
- Privacy door separating Stateroom from salon
- Teak dinette table with folding ends
