DETAILED INFORMATION

Walk through

Entering the salon, it is immediately evident of the 21' 7" beam, so spacious. The cabinetry is finished in a luxurious satin on matched teak hardwoods and veneers. Lounge and dinette seating provide comfortable space for a full complement of guests, while the bar stools add for the quick snack or conversation with the chef. There is storage under all seating. The chilled water air conditioning, cascades from the port and starboard over head soffits, providing ample cool air from the ten ton chiller. The vessel is equipped with a Fresh Air Make Up unit that keeps the vessel fresh and dehumidified. The décor includes motorized drapes, soft Ultra Leather seating, dimmable lights and a Majilite stretched overhead. The entertainment system is remote controlled with an RTI Unit for the Sharp LED TV, Marantz Surround Tuner/AMP, DVD player, CD and iPod.

Galley/Dinette The gourmet galley is equipped with custom refrigerator freezer, granite counter tops, dish drawer, convection oven/microwave, halogen cook top, ice maker and deep storage for all pantry and dish items. Dinette seating provides comfortable space for a full complement of guests, while the bar stools add for the quick snack or conversation with the chef. There is storage under all seating. **Day Head** A contemporary space with custom amenities, this head functions as a day head for guests with entry from the starboard side companionway while entertaining or opens into the guest quarters for use as a private head. The sole is fit with hand laid marble, the curved bulkheads finished in fine grass cloth, the shower is cylindrical and the focal point is the onyx vessel sink. **Master Stateroom** Just off the starboard companionway to port is the master suite. The king size bed with headboard is the draw to this space. There are three hanging lockers, drawer storage, LCD TV, a vanity and writing desk along the port side natural light provided through the two port lights. The chilled water air conditioning flows from the soffit over the bed providing fresh cool air. The master head is clad in hand laid mosaic tiles on the sole and stone countertop and mirrored bulkhead. The large shower has a rain fixture and hand held wand shower, complete with seat and glass door. Luxury soft goods, overhead lighting and bed side lamps complete the space. **VIP Stateroom** The forward stateroom boasts teak furnishings with linen and lace soft goods. This suite is complete with full shower and Designer fixtures. There are drawer storage, a hanging locker, full storage under the queen size bed which lifts with the assistance of gas shock and lockers on port and starboard sides at the overhead. A settee on the starboard side, LCD TV on the port side make this a relaxing place to enjoy or comfortable quarter's for a complete stay aboard.

Flybridge

The flybridge accommodates the command helm, u-shaped lounge and beverage console, plus lots of storage. This full width bridge gives 360 degree visibility from its

raised deck helm. All controls and “Black Box” Furuno electronics are right at hand. The console has storage compartment at easy reach for the operator, fly bridge electric panel, switch panel, fuel panel and all the MTU controls and instrumentation. Just aft of the helm is a sky light cut into the deck to provide visibility of the fighting chair in the cockpit. Forward is the large seating and entertaining area, with room for ten or more guests. The starboard console can house a refrigerator, bar-b-que grill and a sink. There is rod storage on the starboard side for light tackle, and the space under the brow can store dozens of big game gear. The PipeWelder’s tower is built to the Roscioli standard and has all the functions one would want. It includes an overhead drop down console, radar pod, tie down brackets, fresh water wash and helm console. Other items of the flybridge are the hydraulically actuated outriggers and the EZ2CY forward enclosure.

Cockpit

The Roscioli 80 cockpit and lanai deck are clad in solid teak including a high gloss teak bulkhead. The cockpit has port and starboard shore power inlets, fresh water hook ups as well as cable/TV connections. The built in console has the Eskimo Ice bin, double stainless steel freezer units, engine room entry, double tackle drawers, live well, fish cleaning station, cockpit controls, large insulated ice tray for baits or beverages. The lanai has port and starboard storage seats with Sunbrella cushions and double entry doors to the salon.

Drive System

The first of its kind in a sport fishing vessel, Roscioli teamed up with Sea Torque to provide the smoothest most efficient power train in the industry. The system consists of a drive shaft enclosed in a tube with roller bearings at the main strut aft and thrust housing on the forward end. An oil seal replaces the usual packing gland. The thrust housing is secured to the vessel’s structure at an athwart ship thrust bulkhead, the shaft is connected to the output flange of the transmission via a sleeved drive union. The result is no vibration transmitted to the vessel through the engine. Smooth performance and it is extremely quiet.

Installed equipment

- 16V2000, M93, 2400 HP MTU engines (Hours 4/22/2014: Port 403, Stbd. 402) • (2)Onan 32 kw generators • Fighting chair, large, offset pedestal with teak seat and back
- Outriggers, Pipewelders, 51’ tournament rigged • Hydraulic control of outriggers with hydraulic lock • Pipewelder’s Tower • Teak cockpit, premium grade • Engine room show package • Trolling valves on transmissions • Electronics package • Fuel priming system • Eskimo ice machine, plumbed to bin at cockpit • Teak covering boards •

Seatorque drive system • Second engine room door • Salon entertainment system upgrade • Flybridge table, teak • 24 Volt DC outlets in cockpit, port and starboard • Transom baitwell, plumbed with macerator pump • Independent fire system, manual operated • Maxwell 4000 hydraulic windlass plumbed to central manifold • Custom interior by Lourdes Cueto of Aizcorbe-Cueto Interiors, Inc. • Fresh Air Makeup System, with inlets in each area • Cockpit control station, throttle, clutch, remote steering, thruster • Odyssey battery system, absorbed glass mat, in lieu of standard • Extra fuel storage tank with transfer pump (500 gallons) • Electric activated fuel selector valves • Teak aft bulkhead, awlbrite high gloss finish • Von'Widmann underwater exhaust • EZ2CY enclosure - three sides • NAIAD hydraulic bow thruster • Glendinning Cable Master, port side only • Flybridge helm teak deck • Rod holders mounted in gunnel • Work bench and tool box mounted in engine room • External speaker package

Remarks

The flagship 80, developed and designed by Bob Roscioli, has combined form and function into an unbelievable performance machine second to none. Utilizing the newest developments in oil bath drive systems combined with the DDC/MTU 2400 common rail and a new innovative underwater exhaust system, this new 80' is unquestionably the finest large sport fishing vessel on the market today. The open bridge arrangement and stateroom configuration provide the best in traveling comfort for owners, guests and crew. The exterior paint and varnish lead the industry and the interior appointments have been custom designed and finished to perfection. Built to the American Boat and Yacht Council (ABYC) Standard. Approximately 400 original hours that come from locating her at the South Florida Boat Shows & sea trials with clients. If you are in the market for a large sportfish yacht, we challenge you to sea trial any yacht on the market and then compare it to the Roscioli 80, the highest performance sportfish in the world, with 40+ knots maximum speed. You simply must experience the quality and performance to believe it. This vessel is factory owned and is being sold as a new boat with full manufacturer's warranty!

Exclusions

Owner's personal belongings.
