Broker's Comments

The Tornado is a fast, capable and seasure cruiser. She is beautifully poised on a razor-sharp hull for both a great driving experience and a comfort at sea which few can get near matching. Twinned with a full-beam mid cabin and top-notch build quality – this example has the big Volvo engine option and plenty of extras.

Owner's Remarks

- One of the last Windy Tornados built, and very rare with twin KAD 300 engines, giving up to 50 knots performance.
- One owner from new and always kept dry; never kept in the water.
- Regularly serviced and meticulously maintained from new by Volvo Penta agent. She's in beautiful condition.
- Many extras including bow thruster, large cockpit sun-pad, Helly Hansen hood (hardly used), tonneau and overall Windy winter cover.
- I've had great fun with TWISTER, with several trips to France and the Channel Islands.

She's a well-built, very reliable, fast and comfortable sea boat.

Construction

The 31 Tornado has a monohedral hull with variable section (20 degree deadrise at the stern). Three spray-rails per side – higher rail runs full length aft. Single main chine promotes a dry ride with increased accommodation volume.

Construction from Bi-directional woven rovings and topsides reinforced with Divinycell core, integrated bathing platform moulding. Laminated foam core frames and transverse stiffening bulkheads.
