SPECIFICATIONS

Overview

This beautiful 37' Sea Hunter center console was custom built for the owner with hard core fishing in mind. Sea Hunters are well known for their speed and dryness in rough conditions, their construction, fit and finish. Sea Hunter constructs this 24.5 degree dead rise hull with DuPont Kevlar fiber, vinylester resins, carbon fiber and corecell core. The Sea Hunter 37 blends speed, safety, durability, and fishability into the finest center console experience on the water. Sea Hunter rigging conforms to and exceeds the National Marine Manufacturers Association standards.

This 37 has been maintained in perfect condition by a meticulous owner with an open check book. She was re-powered in early November 2013 with twin brand new Yamaha F350's, complete with three-year warranty and the option to purchase an additional two-year extended warranty. She features the optional large hardtop with the optional hard top upper control station with canvas buggy top. Both upper and lower control stations have a full array of Raymarine electronics. She has the optional large (53") rocket launcher with aft side rocket launcher seating along with the forward console seat. She has two standard 53 gallon live wells (port/starboard) located on the transom with the optional 120 gallon live well located in the deck forward of the console. Five live well pumps supply fresh sea water thru a custom built sea chest box. There is a large in deck fish box with two in deck storage compartments aft of the console along with three large in deck compartments forward of console. Come to tropical Key West to see the best equipped 37 Sea Hunter on the market.
