# DETAILED INFORMATION

---

## Broker Remarks

---

The Aquariva Cento, limited edition realized by Riva to celebrate the production of the 100th unit of the Aquariva, portrays Riva's natural style evolution from past to present exalting the pleasure of boating in a timeless classic offering unique, incomparable comfort and emotion.

The soft, elegant lines of the 33 foot Aquariva Cento exude tradition, whilst still managing to be highly innovative. The valuable, skillfully carpentered woods of the deck (mahogany with maple inlay), are also used for the walking surfaces. Even the hood-cover hatch and upper parts of the side lockers are mahogany. The ivory and orange fabrics used below deck perfectly match the valuable dash-board and rudder upholstery leathers with elegant mechanical finishing, the skipper's seat has a convenient headrest and a useful storage compartment is situated to the rear of the backrest. Even the metallic black hull was specially chosen for this limited edition. Lastly, the innovative, electronically-controlled, two speed gearbox brings out all the passion and power of the two 380 horsepower Yanmar engines, resulting in an exceptional performance (top speed of 42 knots, and a cruising speed of 36).
