SPECIFICATIONS

Overview

PAM-PURRED is a rare find – a diesel powered Mainship 37 Motor Yacht. She was re-powered with Yanmar diesels in 2004 and an Onan Diesel generator in 2008. She has huge fly bridge with center line helm console and wraparound seating for eight. There is a forward walk-through from the bridge to the fore deck making docking lines a breeze. She has lots of free-board and is very economical for lengthy cruises. She has two staterooms with adjoining heads and showers. She has during her life been upgraded and renewed when needed by caring owners. PAM-PURRED is a great motor vessel for cruising or use as a weekend condo at the dock or on the hook in a quiet cove.
