# DETAILED INFORMATION

---

## Designer's Comments

---

The interior of “Sassy” is different from any other Hargrave to date. The first item you see when you approach the vessel is the beautiful curved transom, swim platform and settee. This fluid curved transom, both vertically and horizontal lines was the inspiration for the interior décor. We took the intersecting curved lines of the transom and created several design features on the interior. They are the ceiling design in the Main Salon, the marble and stainless inlay in the Day Head floor and the ceiling and floor details in the Foyer. ~ Shelley DiCondina, Yacht Interiors by Shelley

## Main Salon/Dining

---

The yacht cabinetry is in new wood we are using for the first time; European Cherry Wood. It has the same rhythmical grain as American Cherry but is a blond tone. We complimented this with a much darker wood of Pommel Sapele cabinet tops and detail panels and then another light surface of Pearlato Suevo Marble on the console, aft corner bar and large cocktail table.

The furnishings in the Main Salon are all custom designed and have linear but generous proportions. Our theory has always been that yachting is supposed to be comfortable and not just pretty for your 20 minute tour. The area seats (10) easily in comfort and the fabrics area were selected comfort and durability. The color pallet is the main Salon is tones of gray taupe's, crisp silvers, a little bit of black and mineral blue accents. All of the tones are fresh and work beautifully with the European Cherry.

The dining table seats (8) comfortably and is an elegant rectangular shape with slight curves on the sides and cross grained cherry details on the top. The custom dining chairs are delicate yet extremely comfortable and are upholstered in a Jim Thompson Silk /”Trellis” in a platinum tone with a black knot detail. Forward of this is a console cabinet containing (2) wine coolers and tons of storage. The upholstered wall above is in Majilte suede with a Congo embossing.

On each side of this (2) vertical mirrors with Fine Art sconces from the “Perspective” collection.

Gloss European Cherry Wood w/Pommel Sapele

Ceiling Design custom with 86” height

Fresh and elegant contemporary décor

Walk up aft Bar with Marble top and sink

50” TV and entertainment center

Carpet /Fabrica-Patina Nouveau-color Wind Song (installed Railroaded) windows that allow great visibility and light.

Huge

## Galley

---

The galley has another surface we have never used before Silestone/ Yukon. We selected this natural but man engineered stone for several reasons. We wanted the stone tops to be gleaming clean and white! The soft white tops are exquisite with the brushed stainless appliances and blond Cherry wood. Behind the Cooktop we used a Mosaic glass tile from Daltile in the color “Conch”. The floor in the galley is solid teak planks in a mat finish.

There is plenty of storage, pullout pantries, (2) refrigerator drawers and a gallery style 36” refrigerator and double sinks. And of course the galley is ready to cook in. SASSY come with complete turnkey interiors. Dishes, glasses Pots, pans, oven mits, toaster etc- it’s all here.

GE Profile Refrigerator and Appliances in Stainless steel

Franke Stainless Steel Sink

Sub Zero Refrigerator drawers with custom blond Cherry fronts

Silestone countertops in “Yukon”

Mosaic Back splash over cooktop

26” Samsung TV

(3) Pantries

Table with Pommel Sapele inlay

## Day Head

---

The Day Head is one of favorite areas to design. We started with an exotic rectangular vessel style black granite sink. It was combined with the 36” Luna Facet from Graff in Chrome. The wall covering is a mica chip that resembles phosphoresant fish scales and is from Phillip Jefferies. The marble floor design is a black granite and stainless steel design of a curved diamond shape that was in spired by the art work above on the wall. The art “Swimming Wolf” is a black and white Seriography by a Salish Canadian West Coast Native artist; Carl Stromquist.

“Swimming Wolf” is art that honors the wolf. The story is a large dangerous wolf was pulled into a canoe by Native Hunters. It was beyond the sight of land, and was exhausted. The wolf was brought back to the village to recuperate and there it stayed. At dawn one morning the wolf woke the entire village up with terrible howling. The wolf was warning the people about a raiding party approaching the village.

The village defended itself successfully, and took on the Wolf Crest as their namesake and guardian.

Sonobath black granite slab style sink

Graff-Luna 36" faucet Chrome/wall mount

Pearlato Suevo Marble, black granite and Stainless floor

Mirror ceiling

Quartz-Forbidden White -PJ

---

## Aft Deck

The aft deck is large and curvaceous. It has the weather protected crew entrance to starboard and storage and serving area to port; complete with Ice maker, refrigerator and TV with a ceiling flush mount lift. The dining chairs "Regatta" are also new and very special. They were custom made by Medallion Furniture of Miami. They have white textured woven vinyl seating with Silver Powder coated Aluminum frames.

The aft deck table is solid teak and has a similar inlay that was inspired by the Wolf art.

Crew Entry

Curved Teak table with inlay

Teak Diagonal floor

TV ceiling Mount

Port entertainment /Bar /sink

½ Spiral Staircase to Fly Bridge

---

## Fly Bridge

The Fly bridge can easily accommodate 24 in comfort. There are (2) large L shape settees and a full service bar to port with (4) bar stools. There are also (2) small cocktail tables and a large dining table in the fly bridge. All (3) have the signature curved diamond inlays. The exterior fabrics were selected to complement the rest of the yacht and are in soft tones of crisp light platinum and pale mineral blue. The "sun pad" is actually under the hard top so we call it the "sunless pad". Everyone wants to lounge around outside but not necessarily get sun, so we positioned this area undercover. For those that want to sun worship we have Medallion Regatta lounge chairs aft. To the Starboard aft side there is a cooking area, built-in cooler and Subzero

drawers for refrigeration. The 60" Sap tub is also in this area and has a beautiful teak bar with stools aft.

(2) Forward Facing Capt./Guest benches

(2) Large L shape settees

Grilling Station and Subzero drawers

Spa Tub

"Sunless Pad"

---

## Lower Foyer

The lower foyer is a generous area that has a Pearlato marble floor with a black granite inlay with mirrored ceiling above with same design. There is a laundry pantry with a floor to ceiling pullout for cleaning supplies.

Washer/Dryer Pantry

Marble and granite Inlay

Mirrored ceiling with design

Curved staircase with art above

---

## Master Stateroom

The Master has a very unique and hip look. The wall upholstery over the bed is done in a boxed pattern and is a high-end vinyl by Novel that looks like chinchilla. It has a deco art feel and reflects the light. We did the ceiling above in the same pattern but in an off white tone so as not to get too heavy. The nightstands on either side of the bed are hanging from the wall and have a deep frame of European Cherry with edge lighting around the mirror. There are (2) large walk-in closets and (2) 7' dressers. There is also an extraordinary amount of light pouring in downstairs through the (6) large vertical portholes. To emphasize the beautiful windows we did dual window treatments; (1) set in a burn-out sheer by JF fabrics that has a crest pattern that coordinates with the master throw pillows and a (2<sup>nd</sup>) set in RM CoCo Luminations blackout with a vertical tape on the edge.

The Dual Master Baths with marble are very spacious and share a large shower on center. They have lots of storage and elegant asymmetrical marble counter tops and bath seat. The starboard bath has a built-in vanity and the port utilizes this space for a towel bin/storage unit.

---

## Port and Starboard Guest Staterooms

---

The (2) guest rooms forward of the master are mirror images of each other and have a striking upholstery and nail head design; both on the bed frame and the headboard wall. Both have huge nightstand/dressers and full AV system. Above the nightstands are Fine Art/Quadralli Sconces that have dual shades. One is a translucent silver and under that is an opaque white.

Unique Headboard and bed base nail head design

Drawers under bed

Fine Art Sconces

Dual Window treatments

---

## VIP Stateroom

---

Forward of the Galley is another King stateroom; the VIP. This room has its own fresh characteristics. The headboard has slim upholstered side rails that curve down and create a bit of an alcove effect. The wall above is tufted and upholstered on the diagonal. There is an entertainment cabinet forward with a gorgeous inlay of curved pommel Sapele. There are (2) large hanging lockers and 6 drawers at the foot of the bed.

The bath has a Kohler semi recessed vessel style “Escale” sink and a slim Grohe-Essence faucet. The Pearlato Suevo ivory marble is complimented with Emperadora Grey inlays. The outboard wall over the sink is all storage with mirror fronts to maximize light.

---

## Crew Lounge

---

The crew area is aft and has (2) entrances. There is a staircase from the aft deck to the crew lounge/crew galley and laundry area. There is an 8' settee and flat screen TV for time off. The galley is complete with under counter refrigerator, sink and microwave. Next to this under the same Silestone cabinets are front load washer dryers and a large counter top to fold on.

---

## Crew Utility Room

---

The second entrance to the crew area is the electric transom door that lifts up for passage in the Utility Room. This room has black Formica countertops for industrial use. The room is full beam and has an abundance of storage space above and below the cabinets. Going forward from this area to the (2) crew cabins is a water tight door. There is also another water tight door forward of the crew lounge entering the engine room.

## Captain Stateroom and Crew Staterooms

The Captains Stateroom has a queen bunk with drawers below and the perimeter of the room over the bed is cabinets to maximize storage space. There is also a desk, bookcase and a hanging locker. The nightstand and desk both have plenty of outlets for charging all of the mobile items we all have these days.

Across the hall from the Captain are the (2) spacious Crew bunks 36" wide. There is an area also in this room for charging devices. Both crew staterooms have private baths. This crew area is really different and has a great functionality about it. That was the goal at the onset and YIBS and Hargrave working as a team nailed it!

## Mechanical Equipment
