DETAILED INFORMATION

Broker's Comments

1 of 4 ex. sail training Fox Terrier 22's. These examples were built by Souters on the IOW. We believe they're of a heavier construction than the standard yacht.

NB. These particulars are intended as guide only specifications over 4 x yachts which may vary; purchasers are advised to examine the yachts.

Yachting Monthly's Comments

Launched head to head with the Sonata in the late 1970s, sales of the Tony Dixon designed Terrier suffered as a consequence. With an obtrusive lifting keel box, she lacked the spacious accommodation of her rival and was also not quite as sharp a performer. But for shoal draught, fast cruising, she is worth a second look.

Construction

RCD Status: Our understanding is that the yacht is exempt from the essential safety requirements of Directive 94/25EC (Recreational Craft Directive) as she was built and placed into use within the EU prior to 1998.

Hull, Deck & Superstructure Construction:

- Solid GRP hull and deck mouldings, with teak veneered bulkheads and internal joinery.

Keel & Rudder:

- Transom hung GRP rudders on stainless steel mounts.
- Cast Iron externally bolted keels either fin or bilge.

Machinery

Engine & Gearboxes:

- Outboard well in cockpit; no engine supplied.

Electrical Systems

Voltage Systems:
