Total Cabins: 4

Hull and Deck Information

Hull Material: Aluminum

Engine Information

Engines: 3

Manufacturer: Yanmar

Model: 65Y-STP

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Walk Thru

As a custom build, "Migliori Amici" was designed from first sketches to present her owner with the perfect platform for cruising, entertaining and live aboard comfort. Built in one of the most respected shipyards in North Carolina, "Made in America", craftsmanship, family pride and modern technology come together to create the integrity and reliability Boundless Yachts are known for.

The on deck main salon has a 7' 11" overhead ceiling clearance and a 22' beam, perfect for entertaining large groups. Forward of the room divider is a large bar and country Galley with all the conveniences of a yacht built for charter application including stainless appliances, oven, drawer refrigeration, trash compactor, and restaurant grade ice maker. The entire deck is flooded in natural light with a walk up bar (including fridge and wine cooler) on the port side of the salon.

The accommodations deck below offers private heads with shower in each stateroom and spacious Utility Center complete with laundry facilities, stew closet, plus additional provisions storage and refrigeration. Access to the engineering spaces is thru a water tight hatch on the aft deck.

The large and easily accessed swim platform makes for easy boarding for both dock-side guests and returning SCUBA enthusiasts. Upstairs is a bridge that rivals that of a 130 Tri-deck including complete wet bar with sink and refrigeration. There is also a davit for the tender, entertainment bar and sound system. There is still plenty of room for two different furniture groupings.
