DETAILED INFORMATION

Introduction

The 57' Mckinna Pilothouse was first introduced in 1997 and has since then delivered well over forty yachts to anxiously awaiting yachtsman. This boat is built for any type of cruising in any type of conditions. Its success is due in large part to its broad appeal and excellent interior volume. The latest version of this classic yacht has incorporated an increased beam to 17' for additional volume and the ability to handle the additional engine room equipment that most modern yachtsmen are looking for.

This three cabin layout offers very spacious accommodations for you and your guests, featuring a midship Master with a Queen berth and an En Suite head including a tub; a handsome forward VIP stateroom; and a bunk house that converts to a dayroom through the clever use of a system that easily lowers the upper bunk to become the back rest of a settee; a full Galley; a very impressive salon, and a Flybridge with ample seating. You get it all with this 57 Mckinna, and you get it at a very attractive price.

Loaded with options that make it the right package and one you must compare before buying a less equipped boat. Hydraulic stabilizers, HD Garmin electronics, Yacht Controller Remote System, Hydraulic bow thruster, Water maker, the list goes on. Cummins QSM 11's live in a spacious engine room and give you the option to run up to 23 knots or cruise it slow and sip fuel. Compare the quality, build finish and hardware to any other.
