## DETAILED INFORMATION

---

### Meridian 391 Sedan

---

There is certainly a reason why the Meridian 391 Sedan is the most popular flybridge yacht in the world...Meridian nailed it.

She is the perfect blend of style, performance, functionality, comfort and livability, a feat that is rarely achieved on all these fronts. From the striking, sleek lines to the spacious, comfortable salon and down to the walk-in engine room, there are plenty of reasons to fall in love with the 391.

This 391 Sedan has been very lightly used throughout her life and received the best of care. She is currently kept undercover away from the Florida sun and spent much of her life on a lift out of the salt water...this is a yacht you can get aboard and go cruising. Additionally, the owner has updated the navigation electronics so that you have the latest technology at your fingertips.

Call today to schedule a showing!

---
