SPECIFICATIONS

Overview

This boat is gorgeous! Perfect for a liveaboard or long term cruising. Plenty of room for a family. 2 stateroom's and 2 heads, full galley. Bestway Industries had their boats built in Taiwan with the strictest standards and only a handful were made (around 250). Low hours on Volvo Penta's, ready for its next voyage!

Accommodations

The vessel can be boarded both Port and Starboard and also from the cockpit. Access to the aft deck is from the cockpit or through wing doors.

The aft deck is very spacious and comfortable a outdoor table and chairs. There is also a wetbar (however icemaker is not working) and good storage. This area has a teak decking which is in excellent condition and makes this area very rich and accommodating.

From the aft deck and up four steps, is the very large enclosed flybridge which has a custom hard top and fully enclosed with eisenglass/canvas. The helm station console is center of the flybridge - allowing guests to sit forward of the helm station and behind the helm station - good seating for 10 people in this area.

The master stateroom is located aft and down two steps from the main saloon and is comfortable and nicely decorated also. Queen centerline berth flanked on either side by a large hanging locker - vanities with mirrors behind, shelves, drawers and many lockers are also located in this area. The washer/dryer is located in a locker as you come down the steps into the cabin on starboard.

Ensuite head/tub/shower is very roomy and bright - this area is all molded fiberglass with high gloss teak trim - most attractive and easy to keep clean.

The guest stateroom is forward with a large double berth offset to starboard, vanity/sink to port and surrounded by excellent locker and drawer storage as well as a very large hanging locker.

From the aft deck, the main salon is accessed through a centerline companionway double door - The main salon is tastefully decorated and features teak and holly sole flooring. A seven foot-long couch to port and an "L" shaped sectional couch/loveseat to starboard - furniture is upholstered in blue. A large entertainment center is located aft to port in the salon and features a flat screen TV and Blu-Ray player. Interior helm station located to starboard forward with sliding door offering access to the side decks on starboard. Beautiful teak paneling throughout and mini blinds on all windows complete this very nice and comfortable main saloon.

From the main saloon going forward down two steps to the large dinette (table converts down to a double berth) good locker storage outboard for dishes, etc. and storage under both settees - storage well under floor also.

Moving further forward to starboard is the guest head/shower - lots of storage, bright and clean.

Both heads are electric with holding tanks and overboard pumpout.

Galley

To starboard is located the nicely equipped galley - full size refrigerator, double stainless steel sink, 3-burner stove with oven, microwave, numerous cabinets and storage compartments. This area is also teak paneled and in excellent condition - opening ports in both the dinette and galley offer good cross breeze ventilation. Norcold 12 volt & 110 volt DE 728 refrigeration system

Princess 3-burner propane stove General Electric microwave oven Raritan Icemaker Trash compactor Atlantic 12 gallon s/s hot water heater H&C pressure fresh water system with Jabsco pump

Electrical

AC electrical system 120 volt DC electrical system 12 volt Westerbeke 7.5 KW generator Newmar electronic battery charger 50 amp alternators - one per engine Battery parallel switch (4) all lead acid batteries - 2 engine (8D), 1 house (8D), 1 generator (27 series) (1) 50', 50 amp 220 volt and (2) 50' 30 amp 110 splitter dockside electrical cables

Engines

(3) sets engine controls (bridge, cockpit, helm) Halon automatic fire control system Fresh water cooling system (2) 5-bladed, high torque propellers 26" x 24" Raw water sea strainer 2 1/2

propeller shafts Low oil pressure and high temperature alarms (4) Bilge blowers (3) Racor fuel filters Fuel shut-off valves (4) Automatic bilge pumps

Access to the engine compartment is via the stairs in the galley or through the hatches in the main saloon. The engine compartment is extremely clean and well cared for, everything is very accessible and easy to work on.

Also in the engine area is a stainless steel exhaust silencer; 40 gallon holding tank with electric maserator pumpout.
