Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Walkthrough

The 61 Davis has a cockpit that is every offshore fisherman's dream. She features a transom fish box with dual hatches and holds the outlet for a brand new Eskimo Ice Chipper. The cockpit also features two live wells, one forward to starboard and another under the deck aft. There is a bait freezer forward to port and center engine room access.

Entering the Saloon all the woodwork is a beautiful satin finished mahogany. The AC vents are in the overhead valances along with lighting in rolled wood valances. The Bose entertainment center serves the Saloon, Cockpit, and Flybridge. The entertainment system was all updated in 2009 at a reported cost of \$50,000. At that time the Saloon TV and Flybridge electronics were also changed. The windows treatments are custom wood blinds and curtains.

The Galley features a full sized, side-by-side Kenmore refrigerator/freezer, a GE Profile 4-burner cook top, dual stainless steel sinks and a concealed GE Profile microwave/ convection oven. There is an abundant number of drawers and cabinets for storage.

Starboard of the Galley is the Satellite TV system and Dinette. The cabin sole in the Galley is teak and holly and the Saloon is carpeted. The window treatments are matching custom wood blinds and curtains.

Down the companionway are the crew's bunks to starboard adjoining the starboard head with a huge shower.

GE Spacemaker Washer/Dryer is to starboard between the Crew and the forward VIP Stateroom.

The Master is to Port with a centerline facing queen berth and has under-berth storage. A full-width mirrored closet is aft with rod locker in 1/4 of the space amidship. New flatscreen TV and an Ensuite head with shower, linen locker and vanity.

The VIP Stateroom is in the Bow and features a centerline queen berth. There is private access to the Guest Head.

Salon

All vinyls and soft goods were changed in 2011, and all are in excellent condition.
