Total Heads: 1

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Detroit Diesel

Model: 6-71

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

1988 Hatteras Convertible

A handsome yacht in her day with a bold, aggressive profile, the Hatteras 38 Convertible was a successful blend of fishability and quality. Like all Hatteras models of her era, she was constructed on a modified-V hull with balsa coring in the hullsides, moderate beam, and a shallow keel for directional stability. The standard two-stateroom, galley-up floorplan of the Hatteras 38 is arranged with a centerline double berth in the master stateroom and over/under bunks in the guest cabin. While the master stateroom is large with two hanging lockers and plenty of storage, the guest stateroom is tight and the galley is small with very limited counter space. There's plenty of room in the 103-square-foot cockpit for a full-size fighting chair. A molded tackle center, in-deck fish box, and transom door were standard, and the engineroom air intakes are located under the coaming. Additional features include side-dumping exhausts, a well-arranged flybridge, wide side decks, and a bow pulpit. A modest performer, standard 485hp Detroit 6-71 diesels cruise the Hatteras 38 at 22–23 knots and reach a top speed of just over 25 knots.

Exclusions

Owner's personal belongings.
