## Overview

---

The 28 is a machine totally designed and precisely built for one purpose - Offshore trophy fishing. Her efficient Yanmar inboard diesels are paired with a long-range fuel capacity. Plenty of living room space, also. A cabin with six feet of head room. V-berth, Galley with microwave, sink, refrigerator and table. Full walk-in electric head with shower. Storage areas throughout.

Best of all is how easy she is to maintain. The dry, oversized engine compartment provides roomy access to the hydraulics, pumps and batteries. The bilge runs in a tunnel underneath the gel-coated engine room, so all vital mechanics stay dry and clean. The air intakes are high above the sheer to keep corrosive salt spray out. Even the cabin walls are finished gel so they can be easily cleaned and kept free of mildew.

She is lift kept and has a brand new enclosure.
