SPECIFICATIONS

Overview

This is a preliminary listing with more specs and photos to come

Semi-Custom boat by Rivolta Marine. Italian design and American engineering combined to create a vessel that is as exciting to drive as she is beautiful to look at. Rich, hand-crafted woodwork, Corian counter tops and a queen size berth makes for a cabin that you will want to use. Turn the keys and the twin 370 Yanmars rumble to life, giving a hint at the performance to come. Engaging the bow thruster and toggling the joystick control you'll find maneuverability you never thought possible in a water borne craft. Bring her up on plane with the joystick or switch over to the custom hand-crafted wheel, it's your choice. Her top speed of 30 knots with maneuverability unattainable in a conventional propeller driven boat combined with the ability to cruise in just 22 inches of water will show you the true meaning of the phrase "fun on the water"

New installation and upgrades installed in 2014 See Full Specs for the extensive list

Fuel Type: Diesel

DETAILED INFORMATION

Manufacturer Provided Description

The Rivolta Coupe J-4 provides the ambiance and comfort of a large yacht in a compact, maneuverable boat. The allure of the Rivolta Coupe also comes from the rich materials and meticulous finish of the interiors, including a superb helm station and upper salon, a spacious master cabin with head and shower, a fully-equipped gourmet galley, and a luxurious aft seating area with a convenient transom door to the swim platform and its built-in ladder. Rivolta Marine builds unique boats in the same way the Rivolta family has built automobiles, public transport and prestigious real estate around the world by looking ahead, leading the field for three generations.

Accommodations

Rivolta Coupes feature a forward island queen master with a mid-cabin double. There is a spacious stand-up head and shower to port opposite the galley. Teak and holly soles throughout, beautifully varnished wood wall coverings, Corian countertops and High end fixtures create a feel of sophisticated elegance.
