Overview

Absolute 40 STL – Sport Line: new emotions

Cannes, September 2012: in the end Absolute is returning in style into the sector of its origins and it is celebrating its first 10 years of activity by launching the new “Absolute 40 Sport Line” (40STL), a boat made for outdoor life without limits.

The key to understand this project is all in its name “*Sport Line*”: the brilliant and sports nature – which has always been Absolute’s peculiar feature – meets the lines and style of the most recent creations.

The result is winning and attractive under many points of view. You get on board through a small platform and then you enter the cockpit from the safe side passage protected by an enveloping gunwale. The U-shape sofa with suitable dining table hosts 6 people in true and full comfort. The kitchen with its special furniture helps to corroborate the on-board pleasant atmosphere with its hob, sink and fridge.

In order to shade the summer heat or to have a rest from the unsettled weather typical of cool seasons, you can install the optional cockpit cover, hidden under the back of the aft cockpit sofa. For those who prefer a more technical profile and a permanent protection from the sun, it is possible to opt for an elegant Hard Top, perfectly integrated into the sports and elegant profile of the 40STL model.

For full relax of passengers, aft between the cockpit and the platform you can find the first most attracting element: a wide and wrap-around sundeck, where you can be caressed by the warm rays of the sun and sweetly rocked by the waves. For a refreshing break, the lowered platform ensures easy entry and exit from the sea, for spirited water games or invigorating swims.

The spaces on the deck are enriched by the second bow sundeck with adjustable back, which can also comfortably host 3 people. The access to this area is easy and safe, thanks to the wide passages and to the presence of a new uninterrupted perimeter protection, which reveals the attention given to small sailors.

The steering console perfectly embodies the classical Absolute style, with a special touch of originality in the choice of colours. Two separate, adjustable and wrap-around seats host the pilot and co-pilot, following precise ergonomic rates, with full comfort and easiness of use.

The access to lower deck is protected by a classical sliding companion hatch. Then getting down two large steps you can access the dinette. Left you can find a second complete galley, to be used in case of bad weather, and towards bow there is the dining table with the sofa (if necessary, they can be converted into a double bed). In order to improve comfort for a short or long stay on board, depending on the established programmes, the bathroom is provided with a separate shower box, where you can find all the accessories and niches, useful to contain personal body care products.

Coming back towards aft, under the cockpit, you can find the second strong attraction of the project: the separate full-beam cabin with wide double bed and spectacular windows just above the waterline.

All the on-board equipment, spaces and services allow to use this brilliant “sport line”, also for long-range trips, overnight stays in roadsteads and holidays along the coast. In addition, everything is completed by the proverbial qualities of efficiency of the Absolute hulls, due to the most reduced consumptions of the category and to the practicality of use, mooring and maintenance, which have been declined in a wide range of sizes and application by the Absolute projects.

Dimensions, practicality, style, sportsmanship and design lines make the new “Absolute 40 Sport Line” a unique and exclusive proposal to combine in a single boat very different customs and requirements, from the family on holiday and the weekend friends to the group of scuba-divers or sport-fishing lovers.

Basic Information
