SPECIFICATIONS

Overview

From the outside she is a sleek pleasure to the eye, every surface finished with lazer like smoothness. The generous sized, aft hot tub also doubles as a sun pad when not in use is nicely tucked behind the aft deck settee. The large swim platform is nicely proportioned and compliments the tender garage. Up the beautifully fabricated stainless steel stairs to port lead to the spacious flybridge with a uniquely styled hardtop of fiberglass and stainless steel offers more shade you would expect. Because of the performance of the Alpha 37+ knots seating is configured to keep you out of the wind at top speeds.

Custom stainless doors entering the salon open the full width offering the ability for the salon to share space with the aft deck and is especially well suited for entertaining. Situated conveniently between the aft deck settee and the cozy settee inside and forward is the galley which cleverly blends this ispace with a fabulous island bar. Forward and to port is the salon lounge area with a long couch opposing the entertainment center, plenty of room for guests. Access below is via an attractive floating staircase defined in glass and stainless steel.

The spacious master features is a king placed to thwart ship, perfect for watching the world go by through large hull windows. Guest cabins offer similar styling with queen berths, plenty of storage and heads and showers that follow suit with the quality of materials throughout. The Alpha 76 Flybridge is the perfect blend of design genius, bold ergonomics and performance that will heighten the senses.
