# SPECIFICATIONS

## Overview

This is truly a one-of-a-kind boat, designed and built by the owners who specifically had fast-cruising in mind. The deck and hull are constructed with Tri-axial fiberglass with all-epoxy resin and a Kedgicell core, for lightness. High stress areas are re-inforced with carbon fibre. Myth is ketch-rigged, with aluminum spars, the fin keel has a whale tail bulb and 8600 lbs of lead ballast.

If you are looking for 'good offshore', 'different', 'interesting', 'well constructed', come and take a look at Myth.
