SPECIFICATIONS

Overview

Jongert is building Performance Sailing Yacht. Evolved from the Jongert Modern Line, the Performance Line is an exciting performance addition to the Jongert range. The exceptionally sleek lines of these distinguished super yachts are sure to steal the hearts of future owners, while the underlying design is also created to lead the way in regatta courses, whichever you choose. With a Performance Line yacht you can circumnavigate the world and win races along the way... The Jongert way! The current yacht under construction is 32 meters in length, named 3200P. She will be the first of the new range of performance yachts that combines stylish design, excellent performance levels and the distinctive Jongert standards of comfort and quality. The performance line will eventually be consisting of a 28, 32, 36 and 40 meter version. A highlight of the design is the large amount of glass area which increases the interaction between the inside and outside of the yacht, exemplified by the full-beam Owners Suite which opens onto the large aft beach deck via large glass doors. An assortment of exterior seating locations also enables a variety of experiences to be enjoyed whilst on-board, be it dining in the main cockpit, navigating from the helm stations or relaxing on the aft-beach deck, yachts of the Jongert Performance line provides for every occasion.
