## Overview

---

“MUSIC” is hands down one of the cleanest 3100 Tiara Open’s on the market today. The current owner is just her second and it is evident in the way the boat shows, she has been maintained to the highest standards her entire life. The current owner has had her since 2009 and improved her continuously. The bottom was blasted in 2009 and barrier coated to remove the years of excess bottom paint. Various upgrades since 2009 include (but not limited to) the following: scheduled engine maintenance, new electronics, new Bimini top and enclosure, upgraded air conditioning, and much more make “MUSIC” a great opportunity for someone looking for a great weekend cruiser with a pedigree. “MUSIC” features twin CAT 3116TA diesel engines with only 711 original hours and performs like a much newer vessel. Please look at the full specs section for a complete breakdown of what “MUSIC” offers.
