Hull Color: White

Hull Designer: Riviera

Engine Information

Engines: 2

Manufacturer: Cummins

Model: 6CTA-8.3M3

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

OVERVIEW

“Sea-Renity” is the perfect combination for someone that is looking for a versatile boat to please the whole family. **Powerboat Guide** describes the 43’ Riviera Convertible as “A rugged Down Under convertible that splits the difference between a fishing machine and a comfortable family cruiser”.

This is exactly why its current owner bought “Sea-Renity” three years ago. After looking at other 43’ Riviera’s that were two and three years newer, and almost not going to see this one, he was immediately impressed with its condition and all the optional equipment it offered over the others.

“Sea-Renity” has been meticulously maintained since then and features a two stateroom / two head layout, an impeccable engine room, a large flybridge and salon and many recent upgrades and options you won’t find on the competition. You will not be disappointed so make sure you don’t miss this opportunity! Seller is looking to move up in size.
