- Radar arch on wheel house cabin top, VHF, GPS, antennas, KVH domes. Radar arrays and anometer sensor

Boat Deck:

- 550 DL Novurania w/115 Yamaha, fully outfitted (Stamoid cover)
- Tender rest thwart ships in chocks
- Nautical structures Euro 2200 power rotational davit launches aft and port
- (2) Peek a Boo Kayaks with paddles (Stamoid covers)
- (2) Paddle boards with paddles (Stamoid cover)
- Decking finish Awlcraft & 2000 with Griptex non skid

Engineer Room/Machinery

- Twin CATERPILLAR C 32 (1,652 hp each) (2385 Hrs Port 2360 Hrs starboard, Serviced annually by Caterpillar since new) diesel engines, fresh water cooled, electronic injection/governor 24vDC starting
- ZF reduction gearboxes remote mounted with Cardin shafts and Centa couplings, with trolling valves
- Hydraulic Live C-Pads off gear boxes, bow and stern thrusters
- Naiad hydraulic bow and stern thrusters
- Local mounted start/stop instrument panels for main engines and generators
- Under water exhausts, with bypass and fiberglass mufflers, Marine Exhaust (New 2010)
- Twin NORTHERN LIGHTS generators, 40 kW with hydrostatic mounts (both with sound enclosure) 12vDC starting (port 610 Hrs SMOH starboard 694Hrs SMOH) New starboard exhaust elbow Cupronickel pipe and rubber coupling elbow
- 220v AC reverse cycle chilled water air conditioning 15 tons in three five ton compressors
- Engine room Air conditioning
- CENTEK combo generator mufflers, air/water separator type, with hull side exhaust
- Engineered engine room ventilating system, with intake blowers taking air in via air/water separator filters on hull side
- Gianneshi Engine room ventilation system
- Fire protection consisting of manually and automatically actuated FM 200 fire extinguisher system.
- Upon system actuation audio/visual alarms sound, blowers are shut down and hull side ventilation dampers are closed
- Naiad At Rest Stabilizers, with Datum 3 option stabilizer system with 16 sq. ft. fins and Datum station controls, PTO off port Genset.
- Kobelt power hydraulic steering system, off hydraulic pumps (2 per engine) port and starboard engines, emergency steering in lazarette
- Engine driven emergency bilge pumping system for engine room, bilge alarm
- Lube oil change system with pump, manifold and hoses to all engines and gearboxes
- Three Racor fuel filters with vacuum gages per main engines, manifold to filter change underway
- Racor filters with vacuum gages for generators
- Two 30 gallon water heaters, dual element, quick recovery type, circulating system
- Headhunter AC and DC water pump and accumulator tank for fresh water pressure system
- Cartridge style whole system water filter unit

- Sink with fresh water hose bib
- Automatic sump pumps
- Automatic bilge pumps, for each separate compartment in the vessel
- Alfa Laval MB 303 fuel polisher
- Fuel management system, consisting of fuel shut-off valves, fuel transfer pump with meter system and selector manifold
- Hart Tank Tender gauges for fuel, fresh water, black water and grey water tanks, pneumatic pump type
- Sentry tank monitoring system
- Black water tank level indicator and high level alarm
- Black water holding tank with Y-valve selector to allow direct discharge overboard or into holding tank.
- Macerator pump for pump out of holding tank direct over board, or to vented deck fitting for shore side disposal
- Groco bronze raw water strainers, all engines and sea water pump intakes
- Seacocks on all through hull fittings below the waterline
- Fiberglass battery boxes
- Battery condition indicator
- Engineered sound vibration and noise attenuation system for engine room spaces consisting of lead tile sound barriers and mylar faced synthetic lead-foam insulation covered with white painted aluminum perforated sheeting.
- Custom sound mounts for main engines, generators, engine room stanchions, head pumps/motors, air conditioning compressors and sea water cooling pumps
- Drip trays under engines
- Hamin Mini sewage treatment system
- Spurs (rope cutters)
- SEASHAFT 22 or equal propeller shafts
- Stainless steel rudder blades
- Nibral propeller shaft struts
- Nibral propellers, 5 blade, class S, dynamically balanced
- DURAMAX cutlass rubber stern and rudder bearings
- PYI packless shaft seals
- Tide rudder post three lipped seals
- 110vAC explosion proof fluorescent lights
- Automatic 24vDC explosion proof fluorescent lights (4)
- Smoke detectors
- Telephone jack
- 110vAC outlets (2), GFI type
- Watertight entrance door from crew area
- Watertight emergency escape door from engine room to guest staterooms
- Q-Max 1800 Gpd watermaker with digital stop and start
- Zero spot water filtration
- Work bench, storage cabinets and shelves for spares
- Tool box (mounted)

Electrical System

- 220/110vAC, 60 cycle and 24/12vDC electrical panels, main panels in engine room and sub-panels throughout vessel
- Atlas 45 kVA power Converter, Starboard side 130' 3 phase shore power cord on Glendinning cable master shore power retrieval system (380v AC) with adaptors, port side 130' 100 amp 220v single phase in Glendinning cable master
- ACR 100 searchlight with station remote control
- Halogen overhead light fixtures
- Valance lights and floor rope lighting to be 24vDC
- Automatic wardrobe lights
- Emergency lights, 24vDC, automatic at loss of AC power, to incorporate floor and stairway lights and selected overhead lighting. Removable emergency flashlights in each stateroom
- 24vAC reading lights
- 24vDC AGM batteries in two banks for engine starting and ship service
- Battery parallel system at helm and engine room
- 24vDC Sentry battery charger
- Two 12vDC battery banks for generator starting
- Shore telephone inlet, with 100 ft. cable
- Copper bonding system, connecting all through hull fittings and major metal components to exterior hull zinc anodes
- Dynaplate grounding plate and strap to pilothouse and flybridge ground terminal boards
- Voltmeters and ammeters for supply circuits
- Generating set/shore power selector switches and shore power polarity indicator
- Programmable Logic Controller (PLC) located in pilothouse for generator low oil pressure, generator high temperature, high bilge level, and smoke detectors (engine room, staterooms, galley, and salon).
- Security alarm sensors on all doors and hatches. Navigation light control and monitoring.
- 4 Deep Sea underwater lights

Swim Platform

- Teak decking
- Stainless steel swim ladder
- Stainless steel U-shaped rails
- Fresh water shower, hot and cold
- Salt water wash down bib
- Watertight door to crew quarters
- Locker for shore services, shore power, TV and telephone
- inlets
- Hinged cleats port and starboard (not for towing) door
- Step lights from sport deck to aft deck
- Exterior storage locker with water tight

Broker Comments

Sea Fox is a one of a kind, she is based off the Micheal Burvenich 95' - 100' design. However completely custom, built to stringent ABS classification. She has had the benefit of being a one owner no expense spared boat. Under the care of her original husband & wife crew. Sea Fox represents one of Cheoy Lee's finest achievements and is truly a testament to her Naval Architects ability. She offers fabulous performance, efficiency and dependability. Her components are of the highest grade, required, due to her ABS classification. Sea Fox has a unique décor, in a beautifully appointed interior that sets her apart from the average.

Sea Fox is fully equipped, complete with high end galley and accommodation compliments (China, silverware, 900 count sheets, Austrian Duvets, etc.) including all the toys. Sea Fox is fully turn-key ideally suited for private or charter use. Sea Fox will appeal to the most discerning yachts man. Truly a must see.

Exclusions

Owner's personal belongings.
