## Overview

---

This boat is absolutely the best of both worlds. It is set up with the fisherman in mind with all kinds of fishing amenities that make either short or long trips fun and easy. Including a second helm station that allows the captain to run the boat in comfort well above the water line so he can spot the big ones so they don't get away. If cruising is what you have in mind, this boat is set up for that too. With two full berths, galley, microwave, AC, generator, china bowl head with macerator and holding tank, shower, and much much more! The boat is powered by three (3) Yamaha 350 HP outboard engines with less than 100 hours, which were just fully service in May 2014 including oil, upper and lower, filters, plugs, and impellers. It is also equipped with the latest Yamaha gauges and electronic throttles. With the 356 gallon fuel capacity your fishing or cruising range is outstanding. This boat is turn key and ready to go!

## Basic Information

---
