SPECIFICATIONS

Overview

**Original Owner, Extended Flybridge

Sale-A-Whey is a rare 2007 42' Carver Super Sport that was not commissioned until 2010. She is powered by twin Volvo Diesel IPS's with joystick control offering improved performance and easy docking, no matter the conditions. The two stateroom/two head open layout is both aesthetically pleasing and very functional. The master and guest staterooms are extremely large for this size boat and for convenience, the salon, dinette, and full galley all on one level. This yacht has the largest extended flybridge with a Hardtop that Carver builds. She will accommodate 10 guests around her massive flybridge table in complete comfort. The spacious cockpit is covered due to the large extended flybridge and is ideal for just kicking back, relaxing or entertaining friends and family. This yacht should be your first stop when looking at any vessel in her class!

Basic Information
