SPECIFICATIONS

Overview

A new generation yacht, born from a revolutionary design project. A craft with amazing space, highly sophisticated features, sleek, sinuous contours and truly unique solutions designed to minimize the barriers between interior and exterior space and present both owner and guests with an experience of pure, unadulterated comfort. Solutions that deserve a mention are the splendid side window and the double horizontal window in the Master Cabin, from where you can enjoy spectacular sea views. The interiors are both spacious and sophisticated too, and an elegant atmosphere is created by alternating plaited leather and fine marble panelling that is beautifully rich, but never ostentatious. The exterior spaces are incredible for a boat of this size: the flying bridge includes a large living area with a sofa and table for 8 guests, as well as a sunbed and a bar cabinet and seats. Various optionals are also available, including a jacuzzi tub in the bows, located next to a vast sunbed and a handy dinette.
