### Broker Comments

This vessel is an excellent representation of the Cabo 45' Express. It is obvious when you step onto this boat that a lot of thought went into the placement of the essentials in the cockpit. From the bait freezer, tackle storage, sink and bait prep station and the insulated fish boxes in the floor with ice plates. From the Tuna tower you have an excellent 360\* view so you can keep an eye on what is happening in the cockpit as well as what is going on around the boat. If you are looking for a serious offshore fishing machine, you can't miss this one. Call me today to set up your personal tour of this boat, you will not be disappointed
